

# Casco Antiguo

---

Following the brief from our very lovely clients to bring this town-house up to date with the comfort of modern-day living and with a charming style, we began the design process. We completely redesigned the layouts and spaces of the entire building and were commissioned to take care of the refurbishment.

From floors to carpentry, kitchen, bedrooms, bathrooms as well as two lovely terrace spaces, everything was made to measure and were able to create a very light and welcoming interior, with clean lines within a Shabby-Chic style.

By rearranging the existing layout and taking out the bath, we were able to meet our client's wishes and install a fully functioning sauna.

Bespoke carpentry was fitted throughout the apartment, natural wallpapers and fresh feel fabrics were the materials chosen to give the ambient a fresh feel.

### Casco Antiguo

This property, located in Marbella's charming Old Town, was a dark and rundown town house with a very strange layout where bedrooms were located outside in the patio totally disconnected from the main house.

## Casco Antiguo

This outdated property was a diamond in the rough, and in dire need of a 360° makeover in order to make the most of its fantastic location..
