LAGO DI GARDA (ITALY)

BEFORE
&
AFTER PICTURES

Lago di Garda (Italy)

A romantic setting with dream views to Lago Di Garda, is the home to this perfectly situated 3-bedroom apartment, now fully refurbished by Ambience.

We opened up the kitchen to the lounge and designed a dividing wall to one side of the room to take a built-in chimney. This kept the space open but at the same time created two ambiances. The dividing wall was also designed to hide the existing radiators that couldn't be changed. Light effects were added to bring mood on some of the elements installed. The stark white kitchen with details in smoked walnut tone oak makes the kitchen one both modern and inviting.

We went for a minimalist design on the carpentry and chose natural materials such as natural warm woods tones, textured linen for some of the upholstery and to add a punch of color, vibrant teal green leather and petrol blue velvet were our choice on the stunning Moroso armchair, tones that can also be captured on the eye-catching artwork.

VIRTUAL RECREATION

Lago di Garda

We created a feature for the entrance, by designing an L-Shaped wall and landing slab, in beautiful black marquina to contrast elegantly against the wood work and oak wood floors.

Af- ter FINAL PICTURES

Lago di Garda

This outdated property was a diamond in the rough, and in dire need of a 360° makeover in order to make the most of its fantastic location..
