# La Perla Blanca

---

Our client's desire was for us to conceptualise and conceive something exclusive in terms of style and décor, in order to enhance the look of this very modern and stark-white property.

The brief was to create bespoke architectural elements, to forge both stylish flair and practicality, add character and vibrance to the interior and accentuate the stunning panoramic sea views the property has to offer.

This large 12-Bedroom villa, boasts ample spaces, distributed across its 2 storeys and basement, featuring high ceilings, large windows and intermediate floors, a large infinity pool, indoor pool and two stunning terrace spaces above.

These potential spaces both in the interior and exterior became the blank canvas we took on board to layout the key ambiances that would intensify the experience of total luxury living and comfort: Our client's Nº1 requirement.
