AMBIENCE in a few words

Ambience is an interior design firm based in Marbella since 2002.

We have worked on an extensive number of residential and commercial projects with a focus on luxury villas and apartments, developments, urbanisations, show-flats and apart-hotels.

Ambience ensures to supervise all aspects and details of each project from the outset, be it interior design and furnishings to full refurbishment and construction projects, with its in-house project management services.

Ambience boasts a wide portfolio and range of high quality and luxurious designer names which makes it possible to attain exactly what our clients have envisioned by fusing style, quality and uniqueness. Additionally, we work with companies that custom-make furniture which enables us to create pieces that give the desired effect whilst maintaining the required specifications.

The professional service and consultation provided by our extensive and highly-skilled team, has propelled Ambience on an international level and since 2005 Ambience International has been commissioned to work on projects in the UK, St Lucia, Belgium, Egypt, Italy, Germany, Switzerland among others, and to consult on various projects worldwide.
