Architectural & Bespoke Designs

Bespoke furniture

Technical drawing of a bar layout plan. The plan shows a long bar with multiple sections. Dimensions are provided in meters (m) and centimeters (cm). Key dimensions include 500m for bar sections, 1000m for the main bar length, 1124cm for the bar height, and 1169cm for the bar depth. The plan includes labels for 'D1' (Dining 1), 'D2' (Dining 2), and 'D3' (Dining 3). It also shows a 'Bar' area with 'Bar stools' and a 'Bar counter'. The plan is labeled 'Section PLAN' and includes a north arrow pointing towards the top right.

A wooden stool with a curved seat and four legs, positioned in a minimalist, dark interior setting. The stool is made of light-colored wood and stands on a dark floor. The background is a dark, textured wall with a horizontal band of lighter material. The lighting is dramatic, casting shadows on the floor.

Elegant pending lamp
Over bar area

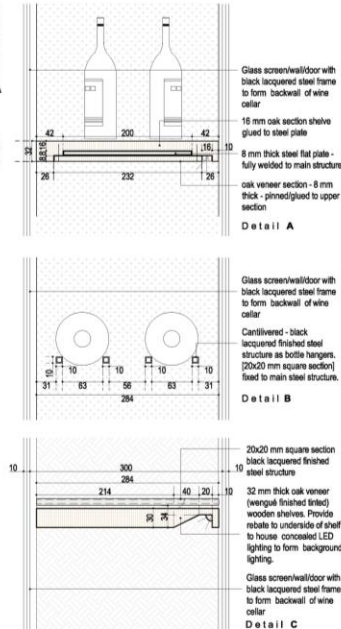

***** LED lineal // LED strip light
 Lámpara colgante (de techo/falso techo) //
 pending lamps (ceiling)
